2023-2024 MEMBERSHIP APPLICATION

Mission Statement:

Eastern Shore Forest Watch Association is a group of concerned residents who support a vision of connected protected areas and sustainable forest practices. We understand that humans are only one of thousands of species in any region, each of which is important as an integral part of the ecological web. The organization is dedicated to the long term care of our forests and their inhabitants. Our objectives are action, education and alternatives for the health of our Acadian forest ecosystem and the rural communities which depend on it. We support those working regionally and nationally to uphold the L.A.W. of Life. Land. Air. Water.

I endorse the Mission Statement of Eastern Shore Forest Watch Association.
